HOW TO PREPARE YOUR BIKE FOR THE TOUR:

We strongly recommend you service your motorcycle at the nearest KTM service center. Ride the bike for a short weekend trip before the tour onset. Ensure that the following is being addressed at the service center with the help of the technician.

Inspect your suspension before the trip

Check the rear swing-arm bush for wear and tear and replace if necessary

Check your chain and rear sprocket for wear.

Your bike's clutch is really crucial for this trip. So make sure that your clutch is in order and adjusted properly without trace of any drag, slip etc.

PREPARE YOUR BIKE

KONKAN POWER RIDE

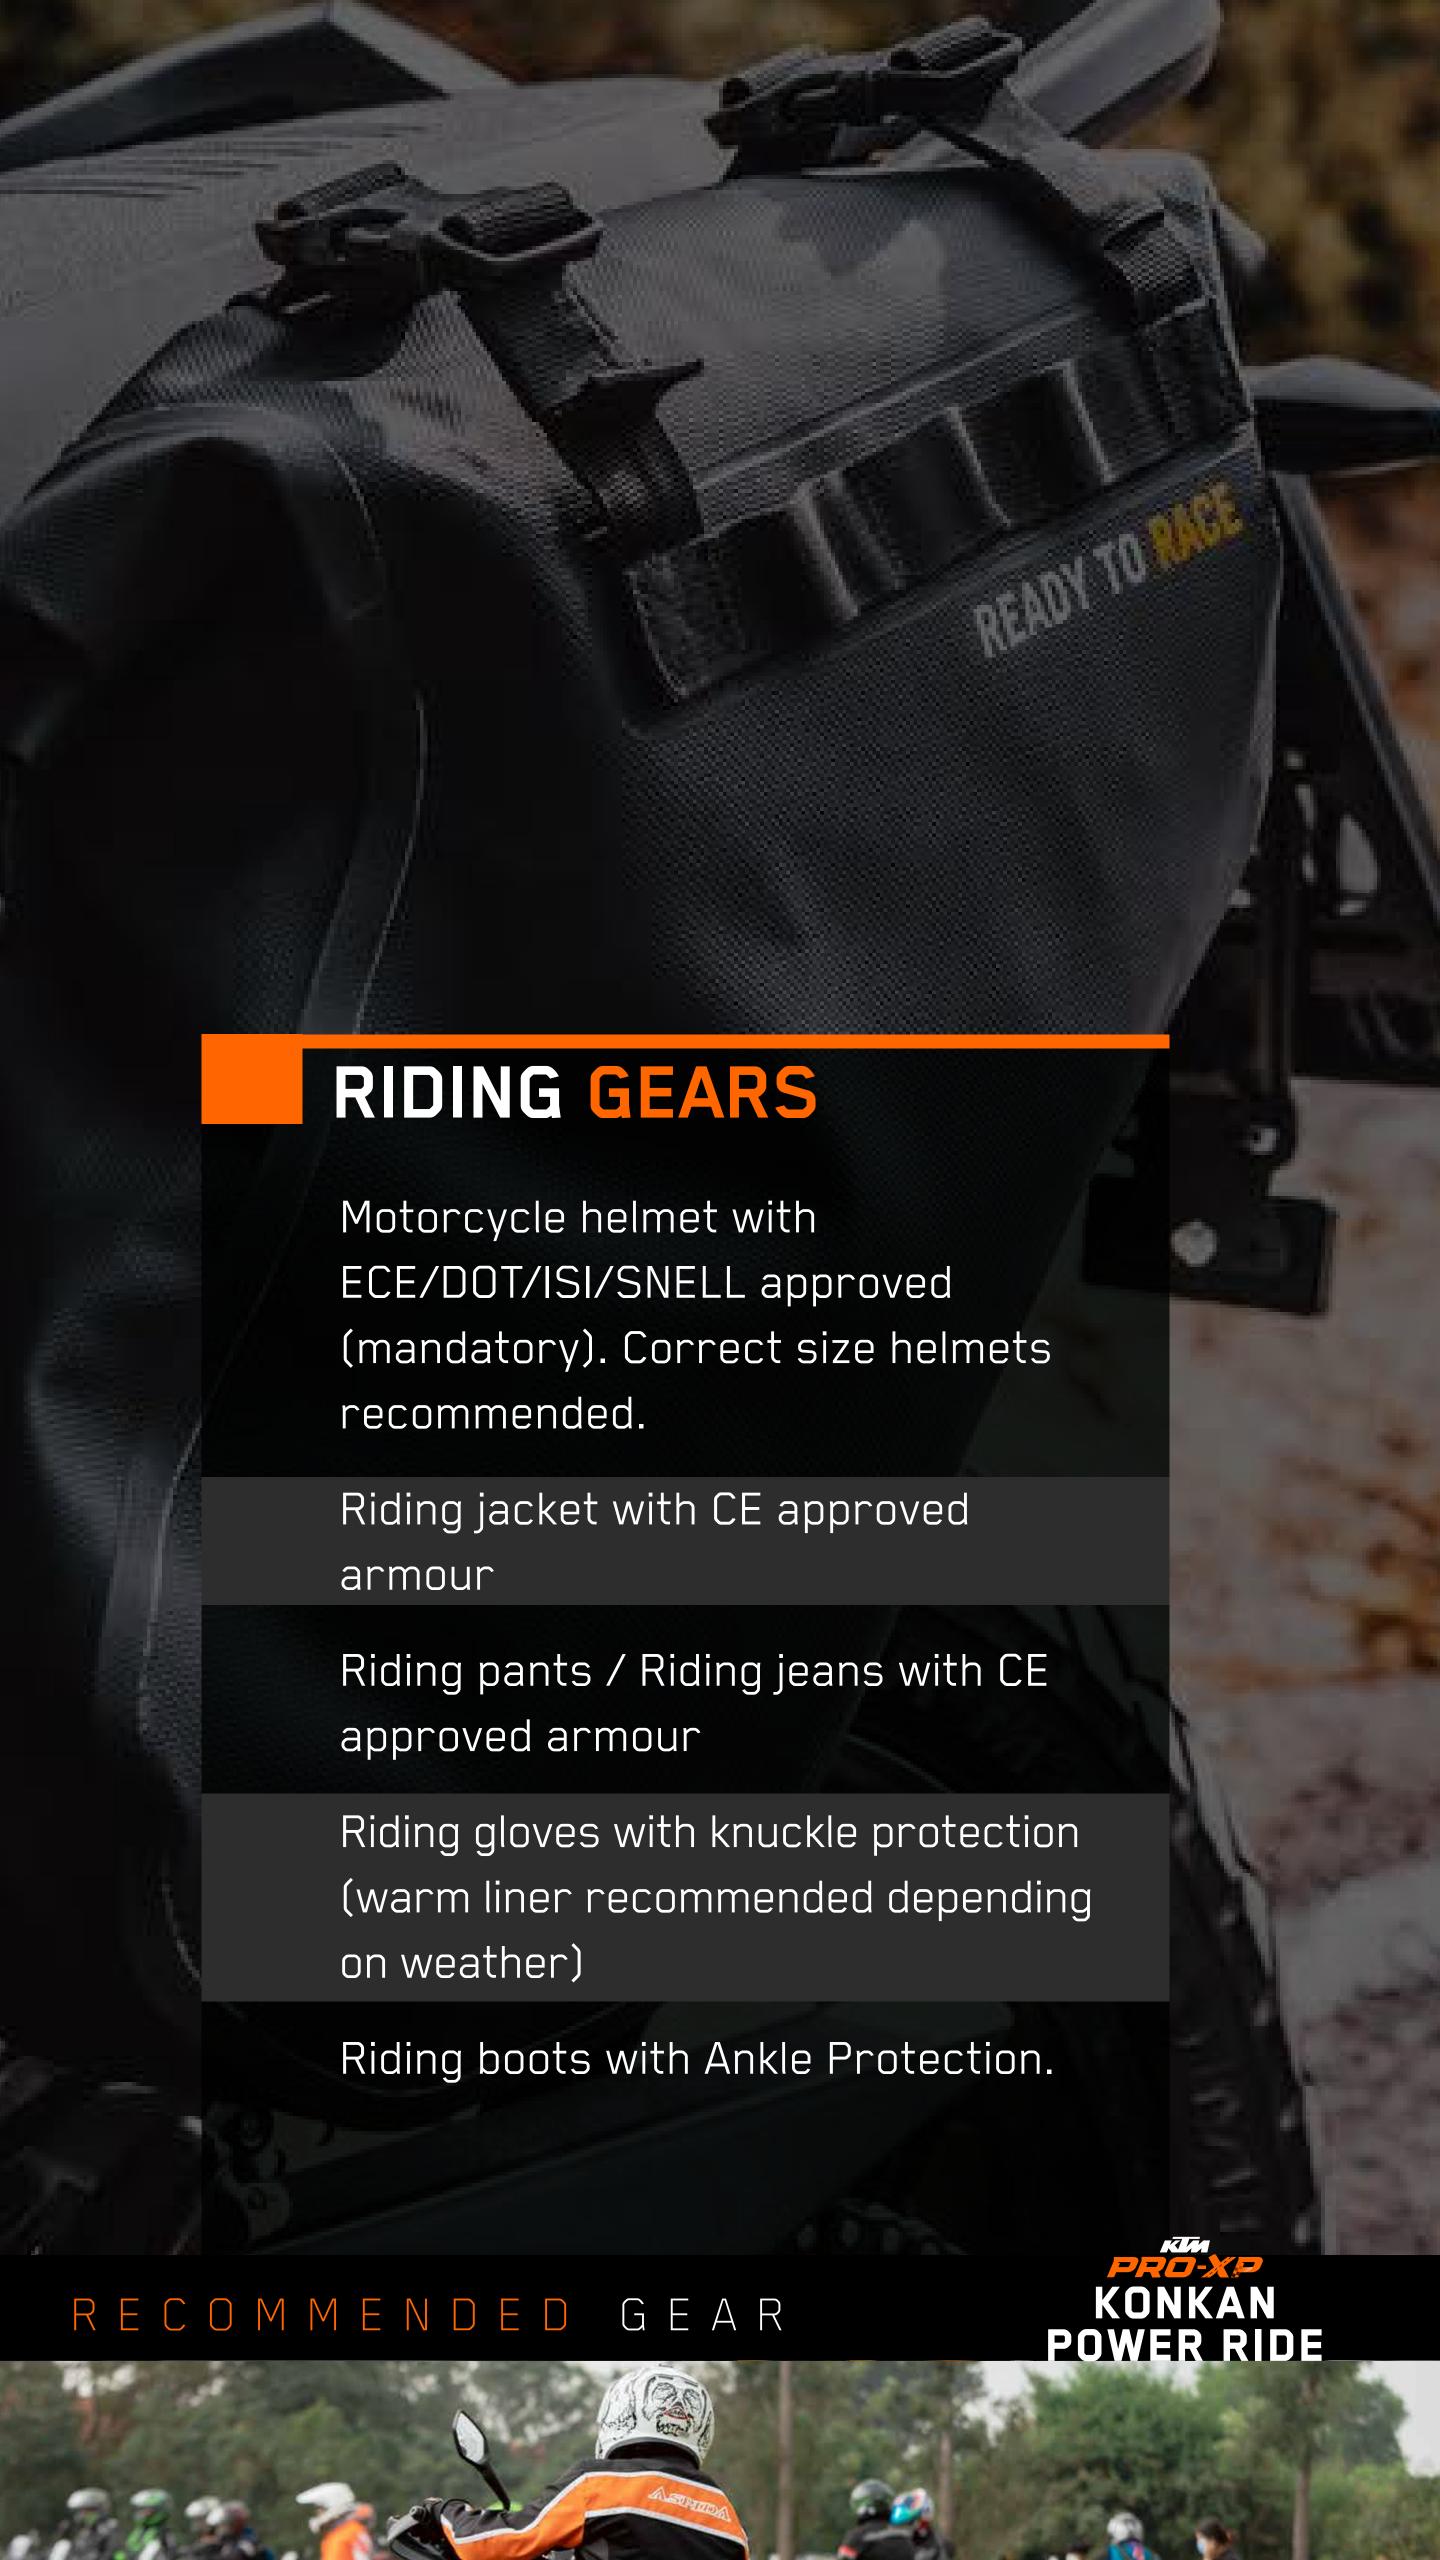

Check your battery and earthing connections. The demanding terrain and the riding conditions that you and the machine are likely to encounter on the route could further accentuate existing problems.

Check all cables and if any are frayed, replace them.

It is critical that you know your machine's fuel consumption.
